DESCRIPTION

The 4th International Conference on Mathematics, Science, and Education (ICMSE 2017) will be held in Semarang, Central Java, Indonesia on 18-19 September 2017. This conference is jointly organized by Faculty of Mathematics and Natural Science, Semarang State University, Indonesian Chemical Society, Indonesian Physical Society, Indonesian Biology Society, Association of Computer Science Higher Education, Indonesian Mathematical Society, and Indonesian Educator Science.

GOALS & OBJECTIVES

The aim of the conference is to provide a platform to the researchers, experts and practitioners from academia, governments, NGOs, research institutes, and industries to meet and share cutting-edge progress in the field of mathematics and natural science. It provides an opportunity to enhance understanding of relationships between knowledge and research related to mathematics and science.

PUBLICATION

Selected papers will be published in Journal of Conference Series, which reports findings presented at some of the world's most important scientific conferences. Journal of Conference Series is indexed in a number of data bases, including the Conference citation index, Scopus, Inspec, Chemical Abstracts Service and Astrophysics Data System.
